

Round Section Retaining Rings

Round Section Retaining rings are wound from spring steel. They are made slightly oversize so they snap tightly into the groove in the bore of the cylinder. Recesses are ground into the rings for removal. Consult sales for sizes not listed.

Part Number	Bore Size	Wire Diameter	Price
991494	2-1/4	3/32	\$ 11.63
991282	2-1/4	1/8	\$ 11.95
995281	2-7/8	1/8	\$ 12.34
991280	3	1/8	\$ 12.78
991281	3-1/4	1/8	\$ 13.54
994940	3-1/2	3/16	\$ 24.91
991275	4	1/8	\$ 14.77
991279	5	1/8	\$ 15.90
991336	7	1/4	\$ 29.88
