

# MWB Nylon & Phenolic Wearbands - Metric

**ALTERNATIVE SEALS:**

Wearband Tape

A large percentage of our metric wearbands are supplied in a glass-filled nylon material due to their low cost and good load-bearing properties. Phenolic wearbands are commonly found in many European and Asian cylinders, so we make them available in many sizes.

**EXAMPLE: MWB-150X9.7X2.5**

Prefix	Outside Diameter		Groove Height		Cross Section	Material
MWB-	150	x	9.7	x	2.5	
	150mm		9.7mm		2.5mm	Nylon
