

Quad Rings - 70 Durometer Nitrile - Inch

ALTERNATIVE SEALS: Can interchange with Standard AS568A Series O-Rings or Lathe Cuts. If static application can use DR or HS (Head Seal)

EXAMPLE: 4209 366Y		
Prefix	AS568A DASH #	Material
*4_ _ _	209	366Y
		N70

* 40_ _ = 1/16" C/S, 41_ _ = 3/32" C/S, 42_ _ = 1/8" C/S, 43_ _ = 3/16" C/S, 44_ _ = 1/4" C/S

Quad rings are four-lobed seals that provide twice the sealing surface of an o-ring. They are free of mold parting lines (flash) or blemishes on those surfaces. The quad design resists spiral twist as is common with o-rings in reciprocating situations. Standard material is 70 durometer nitrile. Other materials available upon request.
